Dogs may be refused to stay at The Chihuahua Hotel if showing signs of illness, coughing or other communicable illness. *The Chihuahua Hotel* does not require kennel cough vaccinations. This is because under advisement from our vets, there are numerous strains of kennel cough and some are not covered by the current vaccinations. It was not deemed an essential vaccination and therefore our policy.

Please alert us if your dog has suffered any recent illness. If you fail to disclose any communicable / contagious illnesses prior to stay, your dog(s) may be transferred to veterinary care for further treatment and boarding. You will be required to pay any vet bills/vet boarding bills that may be incurred on your return.
- Dogs must be friendly, non-aggressive and socialized – Dogs showing aggressive behavior will be segregated for their own and others protection. Dogs may be refused future stays at *The Chihuahua Hotel* if any anti social behaviors are demonstrated.

- We live in a residential area and so persistent barkers cannot be boarded at the Chihuahua Hotel. Please inform us if this has been a problem before.
